

Jazz

Rooftop Tent

JAZZ is an economical lightweight Rooftent constructed of 260gsm Teflon-coated polycotton ripstop fabric that is double stitched throughout and stretched onto aluminium bows supported by hinges attached to top quality polyurethane coated plyboards strengthened with aluminium hardware including custom designed aluminium interlocking board profiles that lock the boards together when the Rooftent is open.

Innovations include:

- The large suspended lightweight re-enforced PVC flysheet provides ample cover against inclement weather over both mesh covered side windows and entrances.
- SABS approved fabric covered foam mattress,
- Fully retractable anodised aluminium ladder
- A ratchet assisted re-enforced PVC weatherproof heavy duty travel cover.
